

GHERZI  
— AMERICAS —

TEXTILE · ENGINEERING · SUSTAINABILITY CONSULTING

# No spin. *Well, some spinning.*

Straight talk on textile mills, apparel sourcing and trade across the Americas.

[gherziamericas.com](https://gherziamericas.com)

Part of Gherzi Textil Organisation AG, Zürich

## WHO WE ARE

# Independent since 1929

Gherzi started in Switzerland and has answered to its clients, and nobody else, for more than 95 years. The firm brings consultants, engineers, architects and planners to manufacturers, merchants, brands and retailers.

Plant design, engineering and project management sit under the same roof as strategy, sustainability and corporate finance. Gherzi Americas puts that bench to work across the Western Hemisphere, from field to shelf.

# What we do

*New factories, boardroom strategy and everything between.  
We match the mix of services to the problem in front of you.*

## 01 Management Consulting

Organizational design, restructuring and transformation roadmaps that move companies toward their goals.

## 03 Strategic Planning

Forecasting, new business models, sourcing programs and raw-material procurement, including hedging.

## 05 Benchmarking & Analytics

Benchmark standards for operations, marketing and sales, grounded in performance data.

## 07 Brand Management

Brand plans and strategy that strengthen traditional and online marketing.

## 09 Policy Analysis

Trade and investment initiatives, new legislation and regulation, and clear recommendations.

## 02 Textile Engineering

Feasibility studies, plant design, equipment selection, procurement and workforce training.

## 04 Sustainability & ESG

CSR programs, GHG reduction, circularity and supply-chain digitalization.

## 06 Market Research

Primary research, data collection, and a clear reading of what the findings mean.

## 08 Mergers & Acquisitions

Financial modeling, strategic counsel, and partner or acquisition research.

## 10 Supply Chain Diligence

Thorough due diligence and end-to-end traceability across your value chain.

LOCAL PRESENCE, GLOBAL DEPTH

# A dedicated team for the *Americas*

From New York, our regional leadership works with brands, mills and manufacturers across North, Central and South America.

Behind them sits a global network of more than 120 consultants, engineers, architects and planners, with Swiss headquarters and nine decades of independence.

# The *partners*

## Robert Antoshak

### Managing Partner

More than four decades across fiber markets, trade policy, sourcing and manufacturing. Helps companies manage sourcing risk and make better calls in a volatile industry.

## Radhika Shrinivas

### Partner

Strategy and finance across manufacturing, retail, investment banking and consulting. Pairs financial discipline with hands-on operating experience to lift performance.

## David Uricoli

### Partner

More than 35 years in ESG, social compliance, due diligence and responsible sourcing, building programs that protect the environment and support workers.

## Uday Gill

### Partner, Gherzi Textil Organisation AG

A C-suite executive for over 40 years who has built and scaled businesses, led growth and sustainability turnarounds and sat on the boards of 25+ global companies.

## SENIOR CONSULTANTS

# Specialists on the *bench*

---

Andrew Olah

In denim since 1979. Founder of the Kingpins Show and the Transformers Foundation, pushing for transparency across the denim supply chain.

---

Courtney Caneer-Williams

Sourcing and manufacturing executive in fiber, textiles and apparel, taking product from concept to consumer with a sharp eye on compliance.

---

Christine Tymkiw

Twenty-plus years leading fabric R&D, sourcing strategy and product innovation for Tommy Hilfiger, Ralph Lauren, Nautica and Walmart.

---

Colleen Ahalt-Eagle

Twenty-plus years in materials development, biodegradation R&D and multi-country sourcing for Under Armour, Adidas, Target and Reebok.

---

Amrin Sachathep

Turnaround leader in spinning, technical textiles and advanced polymers. Grew a Thai mill from \$10M to \$150M; advises boards and PE sponsors.

## INSIGHTS

# Market intelligence, *on the house*

### FREE REPORT

#### The Global Textile & Apparel Report

Strategic Outlook 2026–2030. A sample of the intelligence we build for clients, from fiber economics to sourcing strategy.

### WHITE PAPER

#### The Future of Denim

Fiber, trade and the cost of being wrong. Andrew Olah and Robert Antoshak, September 2026. 30 pages, free.

### GHERZI PERSPECTIVES

#### Our consultants' take on the industry

First-hand reporting and analysis from the field, on overcapacity, tariffs and the EU Digital Product Passport.

### GHERZI BRIEFS

#### Short reads, posted on LinkedIn

Plant engineering and trade policy in brief. Recent topics: wastewater permits, power bills and recycled polyester supply.
